

SYMPATHY STRIKE CANCELLED FOLLOWING SPLIT IN RANKS OF BRITISH LABOR ALLIANCE

Miners Refuse to Accept Offer of Lloyd George for Resumption of Negotiations and Condemn Secretary for Proposals to the Government

LONDON.—(By the Associated Press.)—An unexpected and sensational split in the ranks of the powerful triple alliance of labor Friday afternoon completely changed the complexion of the blackest industrial crisis Great Britain had ever faced and averted the projected strike of railwaymen and transport workers in sympathy with the striking miners, set for ten o'clock.

Events developed with such sudden and startling changes as to leave the public in a maze. Simultaneously with the announcement in the house of commons by Prime Minister Lloyd George that the miners had declined to accept his invitation to reopen negotiations with the mine owners on the terms advanced Thursday evening by Frank Hodges, the miners' secretary, came the announcement that the railwaymen and the transport workers had "cancelled" the strike called for Friday night.

It appeared that the conference throughout the day among the members of the alliance had developed a heated controversy revolving about the Hodges proposals. The miners condemned these with the assertion that Secretary Hodges had conceded too much in offering to discuss the question of wages without raising immediately the controversial issue of a national pool, while the railwaymen and the transport workers declared the proposition was reasonable and that the miners should renew the negotiations.

NO PAY STATIONS FOR PHONE COMPANY WITHOUT PERMITS

Occupant of Building Not Required to Have Nickel-in-Slot Service

The La Crosse Telephone company cannot install a nickel-in-the-slot pay station in any store, restaurant or other place patronized by the public without the consent of the owner or lessee of the premises, according to a ruling of the railroad commission of Wisconsin.

Installation of a pay station in the Steinmetz & Hart cigar store and removal of the free telephone service from the store prompted a complaint to the railroad commission by City Attorney Oscar J. Swenne.

W. E. Goodrich, manager of the company, in turn submitted to the commission a ruling which purported to give a telephone company the right to install a pay station in a place patronized by the public.

The commission ruled that if the local company desired to install pay stations in certain public places it must file a petition with the commission and have a hearing on the subject before the state board could determine the question. There is no authority now for the installation of pay stations where the occupant of a building does not desire the nickel-in-the-slot service.

CHICAGOAN JAILED WHEN HE PLAYS ROLE OF GOOD SAMARITAN

NEW YORK.—Leo Busch, porter who essayed the role of "Good Samaritan" and placed whiskey to the lips of a plain-clothes policeman who fainted before the doors of a saloon, was held in \$500 bond Friday for the grand jury, charged with violation of the new state prohibition laws.

Busch said he thought the policeman was dying until the latter sprang to his feet and arrested him.

WEATHER RECORD

For La Crosse and vicinity.—Somewhat unsettled but generally fair tonight and Saturday. Cold tonight with temperature about freezing. Continued cool over Saturday.

For Wisconsin.—Fair tonight and Saturday except somewhat unsettled in some portions. Cooler in south and extreme east portions tonight with temperatures near freezing. Fresh to strong north winds.

For Minnesota.—Fair tonight and Saturday. Continued cool.

For Iowa.—Rain tonight and Saturday probably mixed with snow in north portion. Cooler tonight. Strong northeast to north winds.

THREE HANGED IN CHICAGO; FOURTH GRANTED REPRIEVE

CHICAGO, Ill.—Sam Cardella, master mind of a gang of thieves and murderers, and Joseph Costanzo and Salvatore Ferrara, convicted of murdering a fellow countryman, were hanged here Friday. The triple hanging was a last minute arrangement, decided on when Cardella broke down on learning that Antonio Lopez, who was to have been executed with him, had been reprieved Thursday night by Governor Small.

At the request of the Baptist state convention a meeting of all who were members of the Tabernacle Baptist church when it closed will be held at 8 o'clock in the evening of April 20, H. H. Clements, 1405 Calumet street, issued the call for the meeting.

ASK AMENDMENT OF LAFOLLETTE SEAMEN'S ACT
LANSING, Mich.—A concurrent resolution adopted by the Michigan legislature suggesting to congress that the La Follette seamen's act be amended to make possible resumption of normal traffic on the Great Lakes, was forwarded to Washington Friday.

SEVENTH DAY ADVENTISTS
The pastor, J. T. Worrell, will speak on "The First Filling of the Spirit Sign of Our Lord's Return" at 8 o'clock in the evening of April 16, at the church, corner of Clinton and Liberty streets. The helpful Sabbath school convenes at 11 a. m.

POSSESSES 20 DUCKS JOE HAHN ARRESTED AND FINED \$152.79

Arrested by Game Warden. Edward Gautsch When Found in Possession of Mallards

BEN WILCOX ARRESTED AS HE ATTEMPTS TO SELL GAME

Warden Says Violators are Encouraged When Game is Bought

JOE HAHN, Grand Crossing saloon-keeper, was fined \$152.79 by County Judge John Brindley on Thursday for having 20 mallard ducks in his possession. Hahn paid the fine and costs Friday morning.

There is the way the bill was figured out:

\$50 fine for having a duck or ducks in his possession.

\$5 fine for each of the 20 mallards.

\$2.79 court costs.

Total, \$152.79.

Hahn was arrested by Edward Gautsch, game warden, who found the ducks at Hahn's place. The saloonkeeper pleaded guilty when arraigned in county court.

Because Ben Wilcox offered to sell 20 mallard ducks to the first person he met on the street, he was arrested, charged with offering wild ducks for sale. Wilcox came out of an alley on Main street, between Third and Second streets Thursday. He saw two men talking. He knew one of them and engaged him in conversation, saying he had 20 mallards in the lake he was carrying and would sell them.

The other man, who was talking to Wilcox, was a deputy game warden and an official of the Wisconsin Game Protective association. He asked Wilcox what he wanted for the ducks and Wilcox replied, "A dollar apiece."

"All right, I'll take the ducks and you, too," said the game warden. Whereupon Wilcox was placed under arrest. He pleaded guilty when arraigned before County Judge Brindley. Sentence will be passed on April 21.

"It is a surprising fact," said the game warden who arrested Wilcox, "that there are business men in this town who are helping these violators of the game laws by buying ducks shot out of season. The spring flight has been heavy and the force of warden cut down owing to the vetoing of the appropriation for the fish and game department by the governor. Game hogs and not hunters know this and are taking advantage of the situation to shoot as much game as they please."

CONGRESS ASKED TO BAR EXPORT OF ARMS TO REVOLUTIONISTS

State Department Action Aimed to Prevent Shipments to China

WASHINGTON, D. C.—Prohibition against the shipment of arms and munitions to any country where they might be used for revolutionary purposes, has been asked of congress by the state department.

Specifically, the department requests an amendment to the act of 1912 which prohibits such shipments to American countries. The senate foreign relations committee considered Friday the department's request, designed primarily, it was said, to stop shipments to China. Early enactment of an amendment is postponed.

Some of the foreign powers, it was explained, have requested the United States to join in the effort to prevent munitions shipments to all countries where revolutions are in progress.

Members of the foreign relations committee said, however, that it was not indicated that conditions in Russia were a factor in the proposed revision.

CHELLIS SUCCEEDS FRANK J. O'CONNOR AS U. S. MARSHALL

Nominated by Harding to Serve for Western Wisconsin District

WASHINGTON.—Peter A. Jay, of Rhode Island, now minister to Salvador, has been nominated by President Harding to be minister to Rumania. He has been in the diplomatic service since 1902 and was counselor of embassy at Rome in 1910 after having served previously as secretary of embassy of Paris, Constantinople and Tokio and as agent and consul general at Cairo.

Frank White of Valley City, N. D., was nominated by President Harding to be treasurer of the United States. United States marshals nominated by the president included William R. Chellis for the western district of Wisconsin, to succeed Frank J. O'Connor.

RAIL AGREEMENTS TO END JULY FIRST

ILLINOIS GOVERNOR GREETED BY BLAINE AT THE STATE LINE

Party of Illinois State Officials in Wisconsin on Road-Inspection Trip

HUNDRED AUTOMOBILES MAKE SWING AROUND THE CIRCLE

Every Type of Country Road Inspected by Party

JANESVILLE, Wis.—Governors John J. Blaine, Wisconsin, and Len Small, Illinois, Friday morning greeted each other at the state boundary line south of Detroit and joined hands for the development of one great factor—good roads.

With them were a staff of officials, law-makers, military authorities including General Bell, commanding Camp Grant. There were more than 100 cars in the motor caravan which is to make a tour around a circle for the inspection of the Wisconsin highway building system.

The Illinois officials and business men from Rockford and other northern Illinois cities, are interested in showing the Illinois administration the need of adopting the Wisconsin system of building permanent roads.

The route has been mapped out to show every type of country roads, macadam, gravel, earth and, last of all, the crack concrete road.

BILL TO ESTABLISH MOVIE CENSORSHIP OFFERED IN SENATE

Bennett Bill Provides for Board of Three, One a Woman, to Review Pictures

MADISON, Wis.—The Wisconsin board of reviewers will pass on all moving pictures before they are shown in the state, if the legislature passes the Bennett bill introduced in the senate Friday morning. A board of three censors, at least one of them a woman, appointed by the industrial commission, are to have the reviewing power. All pictures and posters would have to be approved by them before being exhibited.

Strong opposition will develop to the measure from moving picture men of the state. Similar bills have been defeated by previous legislatures.

The measure provides that uniform rules would be drafted by the board which would govern the variety of pictures that might be used by the theaters of the state.

EXAMINATIONS FOR CAMP ROBINSON JOBS ANNOUNCED

The U. S. civil service commission announced an examination for employment at Camp Robinson, Sparta, Wis., for automobile repairmen at \$1,200 to \$1,800 a year; guard, at \$1,200 to \$1,380 a year; foreman of stables at \$1,320 a year; chauffeur at \$1,200 to \$1,400 a year; tractor repairmen at \$1,200 to \$1,800 a year, and foreman carpenter at \$1,600 to \$1,800 per year.

After six months' satisfactory service appointees may be allowed the increase granted by congress of \$20 a month.

Necessary information may be obtained from O. F. Paulson, secretary local board of examiners, Postoffice La Crosse, Wis.

MEMBERS OF HOUSE PLAN TO INCREASE PERSONNEL TO 460

WASHINGTON.—Representatives who made an unsuccessful attempt last session to increase the size of the house to 480 members, have begun a compromise movement to boost the membership to 460. Chairman Sneed of the census committee said Friday there was growing sentiment in favor of an increase and predicted that a membership of 460 would meet approval.

GANG OF SIX AUTO BANDITS BESTED BY CHICAGO BANK CLERK

CHICAGO, Ill.—S. B. Witkowski, cashier of the State Bank of Clearwater, a suburb, shot up and defeated a gang of six automobile bandits Friday. He killed one robber, wounded two, captured two, and only one the driver of the car, who remained outside the bank, escaped.

NOMINATIONS OF HERRICK AND HARVEY APPROVED

WASHINGTON.—Nominations of George Harvey to be American ambassador to Great Britain and Myron T. Herrick to be ambassador to France, were approved Friday by the senate foreign relations committee.

SIXTEEN-YEAR-OLD CHIPPEWA FALLS GIRL DECLARED TO BE A SECOND HELEN KELLER DISTINGUISHES COLORS BY SENSE OF SMELL

MADISON, Wis.—The "Helen Keller" of Wisconsin has been found by legislators among the pupils in the Janesville school for the blind, here to demonstrate the value of the training which they receive.

Wilmetta Huggins, a 16-year-old Chippewa Falls girl, both blind and deaf, but with remarkable powers of sense perception, has astonished visitors at the capitol, by her ability to carry on conversation, and to distinguish colors.

She is able to take part in conversation by placing her hand on any part of the head of the person talking.

"Her ability to understand those talking by a sense of touch is also uncanny," J. T. Hooper, superintendent of the school said. "She is absolutely deaf, but can enter into conversation as one with all of his senses."

Almost as interesting to the legislators is her ability to distinguish colors by her sense of smell. "It is almost beyond comprehension how she is able to exercise both her sense of feeling and of smell," Superintendent Hooper said.

The girl has been totally blind only since a year ago last October. She has been totally deaf only since October, and previous to that was regarded as dull, it was said.

Other children from the school are here, demonstrating their work, and showing the results of training given.

TRAGEDY OF PIONEER DAYS COMES TO LIGHT SKELETONS UNEARTHED

THE DALLES, Ore.—Mute evidence of a long forgotten tragedy probably enacted in the days of early settlement of The Dalles, was brought to light Thursday when workmen engaged in the construction of the Columbia river highway near the Deschutes river unearthed six skeletons, each with the skull crushed in.

With the skeletons was found an old fashioned gold watch chain, a rotted army saddle such as was used by cavalrymen stationed at old Fort Dalles, and a small copper campaign kettle, such as was used by soldiers for cooking purposes, while in the field. The bones, crumbled to dust when handled.

Local pioneers are of the opinion that the findings are the remains of a skirmishing party of soldiers ambushed and slain by Indians.

2 MORE DOGS ARE POISONED; SECOND CASE IN A WEEK

J. W. Haines, Who Lives Near Dr. Lawrence, Whose Dogs Were Killed, Loses Pets

A second case of dog poisoning was reported to the police Friday.

J. W. Haines, 306 West avenue north, found his three-year-old beagle and one of her nine-month-old puppies dead in their box in a chicken coop in the rear yard of his home. The other puppy apparently did not get any of the poison.

Mr. Haines lives within a block and a half of Dr. J. W. Lawrence, who lost an Irish spaniel and a puppy several days ago through the work of a dog poisoner.

Mr. Haines said that he and his family returned home from a theater about 9 o'clock Thursday night. The dogs were all right then and he put them in their bunk for the night.

"The dog was almost priceless to me," said Mr. Haines. "She was willing to be by the late Harry Starr and I prized her highly."

The police are investigating both cases but have made no arrests as yet.

ROETHE HEADS JOINT COMMITTEE TO STUDY STATE COMMISSIONS

Recommendations to Legislature to be Made Following Investigation

MADISON, Wis.—Organization of the joint legislative committee selected to study state commissions and departments with a view toward elimination and consolidation, was completed Thursday night, by the choice of Senator Henry Roethe of Kenosha as chairman and Assemblyman J. H. Cook of Marathon as secretary.

Conference will be held with Governor John J. Blaine early next week to determine his ideas on the problem of reorganization. Following this conference a survey of the seventy-two boards and commissions will be made, and recommendations presented to the legislature.

M'BRIDE RELATES HOW HE WAS SAVED AFTER HARD LIFE

Interesting Talks Given at the Salvation Army Hall by a Former Convict

At the Salvation Army barracks, 234 South Fourth street, George W. McBride gave part of his experience in prison life last night, before a well-represented audience. A great impression was made on some that were there, who had not attended church for many a year. They went away determined to come back tonight and tomorrow night to hear the rest of his story.

Mr. McBride vowed that by the grace of God he was done with that wicked way of living, and he declares that nothing but the grace of God ever got him away from it.

He had sworn vengeance on the officials whose duty it had been to bring him to justice, but when God saved him, he also took the spirit of vengeance out of his heart, and now he declares that they only did their duty.

Mr. McBride will tell of his experience in the federal prison at McNeil's Island tonight, at 8 o'clock.

GUY D. GOFF NAMED AS ASSISTANT TO ATTORNEY GENERAL

WASHINGTON.—Guy D. Goff of Wisconsin was formally nominated Friday to be assistant to the attorney general, a post he now is holding under recess appointment. He formerly was general counsel for the shipping board.

NEW YORK.—Price reductions for sheet steel were announced Friday by the American Sheet and Tin Plate company, a subsidiary of the United States Steel corporation.

NEW WORKING PACTS ORDERED BY U. S. BOARD

Ruling of Railway Wage Body Clears Way to Satisfactory Settlement Between Men and Railroads

DECISION CLAIMED VICTORY FOR BOTH ROADS AND UNIONS

Contains Principles for Which Both Sides Have Been Fighting

CHICAGO.—Railroads and all rail unions alike won notable victories Thursday through a sweeping decision of the United States railroad wage board, which is expected to stoke up the locomotives of the country and send industry a long distance on the road back to normalcy.

The decision in effect holds that the present rules regulating working conditions on American railroads shall henceforth be on July 1, providing executives and employees agree on a substitute arrangement meantime. It is stipulated that joint conferences shall begin at once. Concessions are made to the claims of both sides.

Each railroad and union and labor leaders hailed the ruling as one that would materially advance the effort to arrive at an agreement satisfactory to all concerned.

Lay Down "Sixteen Points"

Sixteen basic principles, including the eight-hour day and the right of employees to organize, are laid down by the board as a foundation for any agreement discussed in the new effort to settle the dispute by conferences between employers and employees. This fact the labor people said Thursday night represented a distinct victory for them, as the "basic principles" include many they have been fighting for.

On the other hand, railway executives claim victory in the fact that the board recognized their contention that many rules should not be given national application.

The decision affects members of eighteen unions, including all those affiliated with the railway department of the American Federation of Labor. In this group are the "Big Four," the organizations of engineers, firemen, trainmen and conductors. In addition, telegraphers, clerks, shop employees, maintenance of way employees, sheet metal workers, switchmen and those members of the national organization of Master Mates and Pilots of America who are employed by railroads.

Last Act of Board

The decision came just before the terms of three members of the board expired at midnight Friday night. These men, appointed "for one year when the board was organized, are Henry Hunt, Cincinnati, one of the representatives of the railroad public; W. J. Park, Chicago, a railway representative; and J. T. Forester, Washington, D. C., one of the labor members. Their successors have not been appointed, and their places will be vacant because the act creating the board, failed to specify that members should continue in office until their successors qualified.

A long preamble to the decision handed down Friday deals with the history of the national agreements dispute. An excerpt reads:

"The decision determines the undecided portion of the dispute between the carriers and organization of their employees referred to this board April 16, 1920. That dispute was what should constitute reasonable wages and working conditions on the carriers that were parties thereto? On July 20, 1920, this board decided the wage portion; it now decides upon a method of arriving at rules regulating working conditions."

Merit on Both Sides of Case

Later the following statements are made:

"The board is of the opinion that there is merit in the contentions of each party and has endeavored to take action which will procure some of the advantages of both courses. This board is unable to find that all rules embodied in the national agreements and orders of the railroad administration constitute just and reasonable rules for all carriers parties to the dispute. It must, therefore, refuse the indefinite extension of the national agreements, and orders on all such carriers, as urged by the employees.

"The board also deems it inadvisable to terminate at once its direction over decision No. 2 (which provided that the working agreements should remain in force) and to demand the dispute to the individual carriers and their employees. Such a course would leave many carriers and their employees without any rules regulating working conditions.

"Some Rules, Burdensome"

"The board believes, nevertheless, that certain subject matters now reg-

(Continued on page six)

SALVATION ARMY IN RAID UPON LONDON MIDNIGHT REVELERS

Two Hundred Picked Troops
Invade Precincts of City's
Night Life

LONDON.—Two hundred "picked troops" of the Salvation Army, headed by a brass band, made an attack on London night life recently. The forces gathered in the Strand, and shortly before midnight appeared suddenly in the city's streets, surprising the crowd in the cafes and other places of amusement.

Without warning the strains of "Shall We Gather at the River" burst upon the ears of the revelers and the cafe devotees. Pedestrian traffic practically stopped while the marchers passed up Shaftsbury Avenue into Leicester Square, thence to Charing Cross.

When the battalion reached Leicester Square, four young women in fur-silk stockings and revealing costumes brought up the rear of the column.

"Things have been in a very bad way here for some time past," said Commissioner Goss, who led the attack. "An outcry has gone up all over the city about the behavior of the young women and girls who are found on the streets at night in greater numbers."

"Why there should be so many more children on the streets it is difficult to say, but probably the war has had a great deal to do with it. It gave them a taste, not for wickedness, but for 'life' as they understand it. They want too much dancing and pleasure and that very often leads to sorrow."

Contempt
"State why you believe the prisoner is insane," directed the learned judge.

"He always bets heavily on two pale in a poker game."

"Is a man insane when he bets on two pale?"

"In my opinion he is."

"The judge's face grew purple. 'Ten dollars,' he roared, 'for contempt of court!'"—American Legion Weekly.

In Writing
The one rule is to be infinitely various.—Robert Louis Stevenson.

DANCING FEATURES OPERA "ERMINIE" AT LA CROSSE THEATER

Singing for a long time has been the main feature of the operas given by the Glee Clubs. This year, in the opera "Erminie," dancing will also play an important part. This week is under the direction of Miss Bridges.

The scene opens in the court yard of the Golden Lion Inn where the people have just returned from the fair and are in a very hilarious mood. They are dressed in their holiday clothes and after a little delay in the lobby, looking over their shoulders, they enter the Golden Lion Inn.

After the pleasure seekers have finished their frolicking and gone on their way, two runaway thieves in the disguise of noblemen appear. After spending some time in the lobby, they come out and dance a comely dance and sing a song of Jailbirds. These parts are taken wonderfully well by Duke Pirabum and Billy Hartgen.

Following this is a group dance by Jane Baldwin, Zita McDonough, Buck Brubaker, Billy Hartgen, Albert Kautz, and Stanley Berner. In the second act, which takes place in the Chateau of the Marquis de Pomerey, there are two dances: first, a Gavotte by the principals of the chorus, and second a dance of the ladies in waiting. There is also a character drill by the soldiers led by their drill captain, Mary White. "Erminie" is now running in New York and is one of the greatest musical hits of the season.

LA CROSSE WINS THIRD PLACE AT VIROQUA CONTEST

At the Girls' League declamatory contest held at Viroqua, Friday, April 8, Viroqua won first place, Spruill second place, and Marcella Bartz, speaking for La Crosse, won the third place. Pearl Prieberg, also of La Crosse, won the fourth place honors.

There were eight girls in the contest, each high school having sent representatives to Viroqua. This preliminary contest represented the four high schools: Spruill, Viroqua, Viroqua, and La Crosse, who constitute our league. Viroqua, the winner, will send its speaker to the La Crosse Normal school some time in May to compete for the championship. The

MR. MACK IS ON ROAD TO RECOVERY
Mr. Mack was taken sick on Thursday of last week as the result of overwork. He was taken to the St. Francis hospital in a critical condition, but since then his improvement has been great and he is now resting comfortably. He has probably taken a greater interest in school activities than any other person.

"These pampered animals are generally ill-tempered." "Don't blame them; it is only natural for pets to be pettish."

COMPANY L, SPARTA, NOW HEADQUARTERS CO., 64TH BRIGADE

Captain W. A. Holden New
Commander; Much Equip-
ment Goes to Organization

SPARTA, Wis.—The Sparta National Guard organization which has taken the place of the old Company L, will hereafter be known as the Headquarters company, 64th Infantry Brigade. When Col. Robert L. McCoy of Sparta became the brigadier general of the Wisconsin Guard, the members of the local company asked that this be designated the Brigade Headquarters company, and was changed from a rifle company at the request of the members. Captain William A. Holden is the new commander.

A headquarters company includes forty-nine enlisted men besides officers. The brigade headquarters comprises one brigadier general, one lieutenant colonel, two captains, two lieutenants, one captain of medical corps, one warrant officer, one sergeant major, one master sergeant, one sergeant, one mess sergeant, one sergeant of medical corps, two sergeant chiefs of platoon, seven corporals, twenty privates in class one, and twelve privates in class two, clerks, chauffeurs, motorcyclists, etc.

There will also be in the equipment horses, mules, rations and baggage wagons, bicycles, motorcycles, trucks, etc.

The Leon Congregational church will entertain the La Crosse District Association of Congregational churches and ministers on Monday and Tuesday, May 9 and 10. This will be the first congregational convention held in Leon. On the program will be speakers from both the state and national organizations. The general theme of the convention will be "Religious Education" and work for and among young people. The problem of making the country church a social center will also receive much attention in the discussions.

Slowing Down Production
"How do you like the new hired man?"
"I like him first rate," replied Farmer O'Rourke. "But I've got my doubts about whether he can afford to keep him. He talks so interesting about political economy and things that everybody wants to quit work and listen."

His Anniversary
"And now," asked the Sunday school superintendent, smiling benignly upon the class, "Can any little boy or girl tell me what great event took place upon Good Friday?"
"Yes, sir," replied a youthful voice from the back row, "That's the day I whittled out of Red Smith."

Public Debate

La Crosse, Wis., April 13th, 1921.
To the Editor of the Tribune:—
Dear Sir: Permit me to express my reply to the editorial of Tuesday under the heading of "Nobody Hurt" relating to the exemption of new residence property from taxation for a period of five years as proposed in New York city, with the inference that it would be applied in this state and city. In the first place a law of that kind would not be constitutional as it is class legislation, the state calls distinctly for each citizen to stand his equal share of the cost of our government. Any one erecting a new dwelling to rent out would have the advantage over the old owner in that the new owner would be charged with the cost of the old owner in this city of 2.50 per cent which on a \$10,000 investment would be \$250 per year or \$2,500 in ten years. As the tenant class is much larger than the landlord class it has become quite popular to deny and abuse the right of the citizen to pay taxes. The "landlord" is a "rentier" and "exploiter" and what is the factor in La Crosse? Is there a single landlord who is making a profit out of his money invested after paying taxes and overhead? No, not one. The banks are charging 8 per cent interest on their loans, and the public can get the same money at 6 per cent. There are two sides to this question. You have taken up the one side, now why not write on the other side. You of course are a rentier and feel that side and sympathize with it. Would you be willing to work for the same salary you obtained five years ago? How about repairs, taxes and everything else. Do you want the landlord to take less? Would you? The real estate men would need to have the same buy a house and own their own homes all over the country than rent a single house.
A return of about 12.5 per cent on a \$10,000 investment is a property recognized by the real estate fraternity of the United States and the bureau in Washington as a conservative return on this class of investment.
To advocate "home ownership" would be better service than abuse the landlords.

Very truly yours,
H. L. TAYLOR.

AD FOR IRELAND
Editor Tribune: If Ireland needs all the Irish, including those who have settled in the United States, let all of them return to Ireland, where they can be of direct material assistance. It is easy enough to stay here and threaten at a safe distance, but none seem anxious to pack up and return to the country he is shouting for. If the Irish don't go back enough for our Irish to live in, is it good enough for us to disrupt our country? The Irish who moved under the American flag did merely what their citizenship demanded. They are there close to five million and make their living here. That implies that they would fight for America because they gave some return for the benefits they enjoy here and are not an American citizen you do not want Ireland to command you or your country. If you are not an American citizen, you haven't deserved the benefits of our republic.
BRUNST R. SMITH,
April 13th, 1921, Sparta, Wis.

SUBJECT—BLACK RIVER
Noting your article some time ago pertaining to Black river I would like to say a few words on it. Black river as you say, is only a mud hole; you're right, nothing but a stagnant stream and way. There was a time when Black river was a river and a good one. That was in the days of the lumber boom. In those days the Black River Improvement company did blacken and they took pains to divert the flow of water towards La Crosse and for a good purpose; it brought them

logs down to the mills located at Onalaska and La Crosse, and by damming up the various shoals above Onalaska it gave them a good flow of water, but when they went out and the water headed for the Mississippi.

There are four of these shoals that drain Black river and give the water a head start to the Mississippi. There is Hammond shoal above Lytle's, a river all by itself, then comes Dodds shoal, then Black, then Black Snake, all of them flow out of Black river and cut into the Mississippi above Onalaska. There is where the water headed for the Mississippi.

Good old Black river water is going to be used for the most part by the fifteen years ago with a capital of fifty thousand could maintain a channel for Black river via Onalaska and La Crosse, why can't the government do it now? Fifty thousand dollars at the present time isn't a patch to what it was thirty years ago and it was owned by a private corporation.

Dredging Black river from La Crosse to Onalaska will only make the mud hole deeper. What is needed is a flow of water. Years ago when the water did flow this way, a raft of logs could be floated from the boom at Onalaska to the lowest stage of water there. There was enough current to bring them down and also keep the river flushed out. Do you know how much current there is in a river? Well, there isn't enough to float a chip from Onalaska to La Crosse in forty-four days. Dredging the river just below the boom would help in that particular spot. This has been done, it has been ever since the levee park was built. The La Crosse river is emptying into Black river instead of the Mississippi and there not being enough flow in Black river to keep it moving.

The only time there is a decent current of flow in Black river is at an eight foot stage of water, then the Mississippi current and sends it waters against Black river and forces it towards Onalaska. I had the pleasure of skating from Lytle's to La Crosse on Black river last winter and sized things up. Dodds shoal just below the railroad bridge at Lytle's drains heavy on Black river and an enormous volume of water comes down the Mississippi. This could be dammed up and the flow of water changed. This was so in the good old lumbering days. A mile further down I ran upon a day that the boom companies built and maintained. This dam is about two miles long and will average eight feet in height. At one place it is washed out for about two hundred feet and another big volume heads for the Mississippi. This could be easily remedied.

Further down is Black Snake shoal, another sucker that drains poor old Black river and empties into Rice lake.

and here is where Black river practically ends. From there I had to walk at least a mile before I could find enough ice to skate on. And now all that Black river wants is a steady flow that will keep it flushed out and help it to make its own channel, the same as in the good old days, and the only way to do this is block up the shoals above and send the water this way.
W. H. SCHAEFER,
400 Car St., City.

THE NEW CAR LINE

La Crosse Tribune:—
I see the street car company is commencing work on the 16th street line, hauling rails, ties, etc. The line that is on 14th street and on Jackson street between 14th and 16th streets is to be torn up. The laying of a new line on 16th street, leaves nine blocks between car lines as the nearest is on 7th street for instance living on or near 11th, 12th or 13th streets, between Market and Benton streets, have a choice of walking down the street, or back to the 16th street line or the 7th street line.

In these days of near street car service, when an person has to walk four or five blocks to a street car line, it is an even bet that they will walk towards town and save that little old 7 cents.

If the street car company can get away with this only the people themselves are to blame.
C. MILLER.

WHY HIGH DREAD?

La Crosse, Wis., April 13, 1921.
Editor, Tribune and Leader-Press.
Dear Sir: Kindly place the following in your valued column of the public debate. What seems to be the reason that bakery and bread, "the staff of life," does not come down more than the cost of a loaf? Breads are still selling for 21 cents a dozen or war time prices. Their cost just one-half of what it did a year ago, sugar has come down 200 per cent, eggs are either four or five war level if not lower. Lard is way down, in fact all ingredients used in the line of bakery goods have dropped from 50 per cent to 200 per cent but the bakers are the nerve to drop the price of bread one cent on a loaf. It seems to be a sort of bakery monopoly in this town which holds the price to sky high levels.

Cities all over the country are selling bread from 5 cents to 7 cents per loaf and rolls at 12c a dozen which is more reasonable taking in consideration the drop in all ingredients used. As long as the local housewives keep

on buying these high priced goods the price will remain where it is and they know it. Cut out buying for a week or so and bake your own and Mr. Baker's goods will stay in his shop and he will soon come down where he belongs. Let's all try this once and see if we can't get the "staff of life" to proper prices. What do you say? All other commodity prices were broke through the same tactics. Why not this one?
Labor has come down in many lines. How do the bakers expect the consumer to keep on paying exorbitant prices? If it's a case of profiteering, let's get together and break their war time prices. They've had the fever during the war and still hate to let loose. Hoping to hear from more citizens on this subject, I remain, Yours for lower bread prices,
MRS. WALTER V. WATKESKE.

Word to the Wise

"What are you cutting out of the paper?"
"About a man getting a divorce because his wife went through his pockets."

"What are you going to do with it?"

"Put it in my pocket."

Oh, These Children

Little Eve—Say, Auntie, can they fix people with new tongues, same as with teeth?

Auntie—No, what made you think that?

Little Eve—Because pap said yesterday you had a false tongue.—
Detroit News.

NOTICE

Washington searched far and wide for the trees which he planted at Mount Vernon.

JUDGE HIGBEE GRANTS CITIZENSHIP TO 26 IN COURT AT SPARTA

SPARTA, Wis.—At the recent special term of court held in Sparta, 26 applicants were given citizenship by Judge Higbee upon the recommendation of Attorney F. W. Mantley, United States naturalization examiner, of St. Paul. The following are the names of the new citizens:
Fred Thain, Sparta; Herman Bels, Little Falls; Frederick Schosen, Little Falls; Charles Rudolph, Norwalk; Frank Schroeder, Jefferson; Otto Frank Schroeder, Jefferson; Albert Peter Heinz, town of Wilton; Albert Peter Teubor, Weyerville; August Kamp, Grant; Richard Kruse, Greenfield; Grant; Hansch, Ridgerville; Frank Januscheke, town of Sparta; Andrew

Fleischman, city of Tomah; John Dolson, city of Sparta; William Ludwig, Jefferson; Lincoln; William Craco, Valley Junction; John Erickson, Jefferson; Ed Yesko, city of Sparta; Richard Dux, city of Sparta; John H. M. Schroeder, Cashton; Alois Kasi, Jefferson; Dirk Derksen, city of Tomah; Steve Schuller, city of Tomah; Carl Maede, Portland; Joseph Orlovski, city of Sparta; Christ Mickelson, Leon.

Chagrined at Least

"At it again, Cassidy," remarked the judge when the battle-scarred participant in the street corner fight had been brought before him. "I should think you'd be ashamed to let me see you."
"Ashamed of it? Then Monahan ought to be mortified. Ye should see him!"

You must say

Aspirin

"Bayer" on Genuine Aspirin—say "Bayer"

Warning: Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12, and in bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoceticacidester of Salicylic acid.

Teamster's Life Saved

Writes Letter That is Worth Reading Very Carefully

Peterson Ointment Co., Inc., Buffalo, N. Y. I was afflicted with a very severe sore on my leg for years. I am a teamster. I tried all medicines and salves, but without success. I tried boric acid, but they failed to cure me. I couldn't sleep for many nights from pain. Doctors said I could not live for more than two years. Finally Peterson's Ointment was recommended to me and by its use the sore was entirely healed. Thankfully yours, William Chase, West Park, Ohio, March 22, 1915, care H. G. Holtz, Box 100.

Peterson says: "I am proud of the ointment and have hundreds of others that tell of wonderful cures of Eczema, Pile and Skin Diseases." Peterson's Ointment is 25 cents a large box at all druggists, and there isn't a brand-infected druggist in the area that won't praise it. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

UNEMPLOYMENT IS
LIVE SUBJECT FOR
DISCUSSION HERE

Allen B. Forsberg of State University to Speak Tonight at St. Joseph's Hall

The problem of unemployment will be the subject upon which Allen B. Forsberg of the University of Wisconsin will address a public meeting at St. Joseph's Cathedral Hall, Sixth street and Main, Friday night at eight o'clock April 15.

Mr. Forsberg has had charge of the committee which, under the direction of Professor John R. Commons of the University, drafted the Huber Unemployment Prevention Bill, which is now pending before the Wisconsin legislature. Mr. Forsberg is at present acting secretary of the Unemployment Prevention Association, located at Madison, a clearing house for unemployment information.

The Huber Unemployment Prevention Bill is the result of many years of investigation and research upon the subjects of industrial management and unemployment by leading economists. It is modeled in its main features after the Wisconsin Accident Compensation Law which has been effective in reducing industrial accidents. The Huber bill makes an inducement to industrial concerns that offer regular employment to their workmen, thus lessening the hardship of involuntary layoffs.

The admission to the meeting is free, and is open to the public. Questions relating to the subject and the bill will be answered.

SPEAKS ON UNEMPLOYMENT

Allen B. Forsberg

Unethical

Friend—I hear that you received a flattering offer to join the Syphon Motors Corporation.

Movie Star—Yes, I did.

Friend—Why didn't you accept it?

Movie Star—Because they employed no finesse in approaching me on the subject. They were so brutally commercial about the subject.—Elmer Felt.

RETURNED SOLDIER
FINDS WIFE WEDDED
TO ANOTHER MAN

Woman, However, Flees With Third Man as Husbands Discuss the Affair

GRAND ISLAND, Neb.—Roy Yates of Kansas City, overseas soldier of the A. E. F., who lost an arm in France and has recently been released from an eastern hospital, came to Grand Island yesterday in search of his wife, only to find she had re-married on receiving reports that he had been killed. Her second husband, Guy McCracken, also a Kansas City man, but who with his wife has been living with a relative on a farm in this county, said Yates had first claim to the twice-married woman. The three, with Edward Smith, the farm owner, sat down to supper to discuss the complications. The young wife excused herself and left the house. Later a note was found from her addressed jointly to Yates and McCracken, saying she had decided to cast her lot with another man, naming George McDonald, and that they were going east. Yates, McCracken and Farmer Smith left on a night train for Chicago, where they believe the wife and her companion will be located.

Lace from Pineapple Fibre
The women of the Philippines make some of the finest lace known, and in some instances it is made from the fibre of the pineapple leaves.

IN THE MORNING PAPERS
A Summary of the News

OLYMPIA, Wash.—The conviction of seven alleged I. W. W.'s for second degree murder for the Contralla shootings on armistice day was upheld by the supreme court.

ATHENS.—The repulse of an attack by thirty thousand cavalry by Greeks with the capture of six thousand Turks was announced.

What Will Your New Home Be Worth After Ten Years?

If you build with Face Brick, your home will be as good looking after ten years as the day it is completed. It will be worth practically as much money. The trifling saving in first cost on materials less enduring than Face Brick brings with it never-ending expense.

Face Brick Is Not Expensive

Too many people think that Face Brick is expensive and never find out how little more it actually costs. Don't make this mistake. Come in and let us give you the facts. We have figures to show you that it costs only from 4% to 6% more to build with Face Brick in this city than it does with wood.

If you build with Face Brick you reduce your fuel bills and your insurance rates. You eliminate such heavy upkeep expenses as painting and repairing. You cut depreciation to a negligible figure. Experts say that a brick house doesn't depreciate the first five years, and after that at the rate of 1% a year; while a frame house depreciates at the rate of 2% a year from the day it is completed.

This means that a frame house is worth 20% less after ten years — a Face Brick house only 5% less. You can readily see which is the better investment.

From every point of view—permanence, beauty, comfort, fire-safety and economy; Face Brick gives you more for your money than any other material. Surely it is worth knowing about before you build. Come in and talk it over with us. A visit incurs no obligations.

Morgan Scores Tendency of Non-Partisans To Belittle Rulings of His Department

Socialists and Nonpartisan league representatives in the state were scorned Friday by Attorney General William Morgan, for "their brazen attempts to make it appear that the opinions of the attorney general's department are not carefully considered."

A letter made public by Mayor Hoan of Milwaukee questioning the basis of a decision of the attorney general holding that municipal markets would be judged unconstitutional was the immediate cause of his statement. The mayor declared that a North Dakota opinion had been overlooked.

The moves of Governor Blaine to disregard the attorney general's opinions were also attacked in the statement.

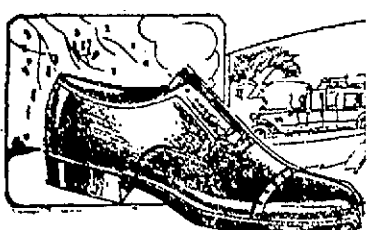

"I am getting tired of the efforts of socialists and Nonpartisan league to discredit the opinions of this department by pushing into print with letters and interviews that we have overlooked something that as a matter of fact does not apply to the point at issue at all," the attorney general states.

empowers the state to embark upon a career of state socialism, cases decided upon the authority of the North Dakota constitution will not apply to the case," he said.

"To cite specific instances of brazen attempts to make it appear that the opinions of this department were not carefully considered, I would refer to the Hazelberg opinion, in which case Governor Blaine ridiculed the opinion, but followed it literally by removing Commissioner Hazelberg and resub-

mitting the name of Mr. Smith to the senate for confirmation as prohibition commissioner.

"The next instance was when the Eau Claire municipal court bill became a law without the governor's signature because he failed to return it to the senate with his veto within the time prescribed by the state constitution.

"An opinion given to Senator Huber by the executive department suggested that our opinion was based on old

cases, and that later the Connecticut court had rendered an opinion that sustained the governor's contention as a matter of fact the Connecticut case was an earlier case than the authorities cited in the attorney general's opinion, and was not in point.

"A short paragraph in the Connecticut court decision which showed plainly that the case was decided on the practical construction that had been given to the Connecticut constitution by its executive and legislature rather

than on the literal meaning of the constitution was deliberately suppressed from the opinion that was sent to the senate.

"The attorney general took an oath to support the constitution of Wisconsin, and it is necessary that he be guided by that instrument in his official acts."

FORD TAKES UP LOANS
NEW YORK.—Recent reports that Henry Ford contemplated extensive

financing in Wall street, in connection with his automobile business, were discredited Friday by bankers who announced that the Detroit manufacturer, instead of being in the market for money, had liquidated his loans here, aggregating \$24,500,000.

Several of the notes, it was said, had been taken up before maturity, one large banking institution reporting that a Ford note due April 18, had been paid two weeks ago.

BOYS AND GIRLS BUILD HOMES FOR MIGRATORY BIRDS

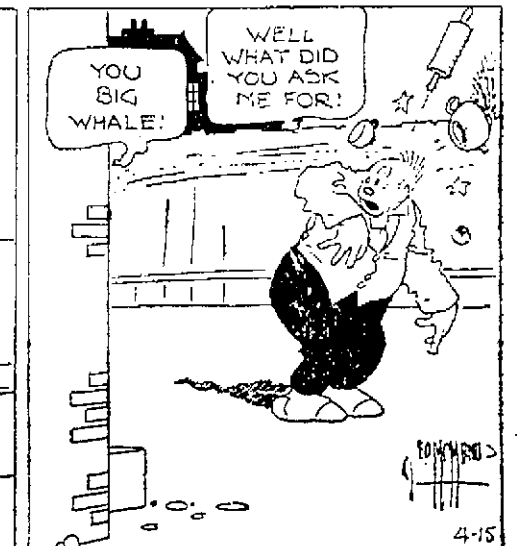

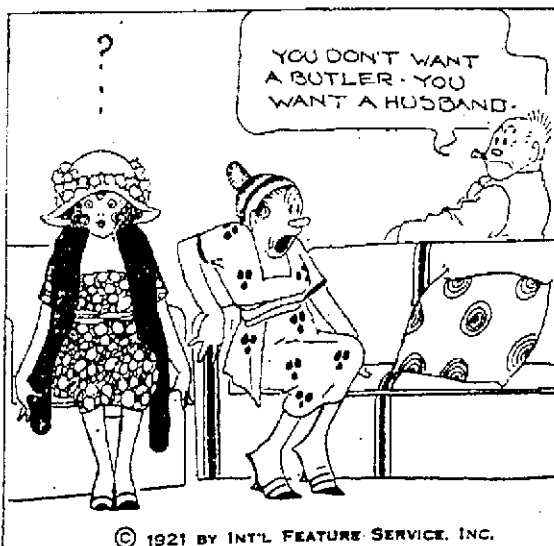

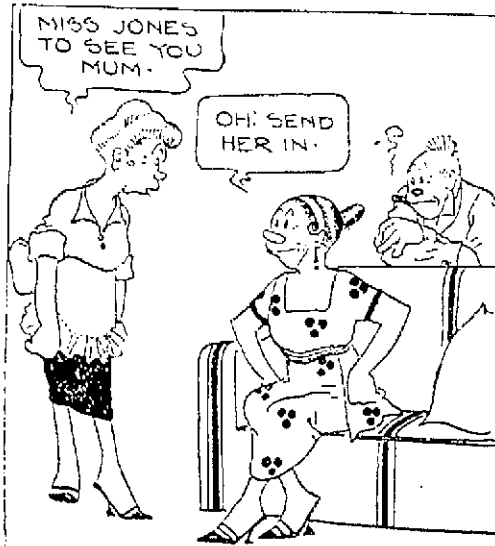

Members of Junior Audubon Societies Put up 175,000 Bird Houses

NEW YORK—Birds winging their way northward this spring will find 175,000 new homes built for them during the past year by boys and girls who are members of the 65,000 Junior Audubon clubs scattered over the entire United States and parts of Canada. These youths are among the 1,500,000 members of the organization, planned in kindergartens, grammar schools and among groups of young Americans by the National Audubon society.

Each club member after paying ten cents as an initiation fee, starts acquiring knowledge of the appearance and habits of both songsters and the numerous types of birds. Through picture books and hikes in woodland spots they learn to distinguish one kind of bird from another by the kind of feathery clothes they wear, and how also to tell them by their eggs, their nests and sometimes by their chirps.

The migratory habits and the singing qualities of birds in each species form other phases of instruction. Game laws of state and of the nation are explained, but none of the teachers or lecturers sent out by the national organization ever says to little Willie, "You must not kill the pretty birdies." Officials at the organization's headquarters here declare they are striving to conserve bird life not by having more stringent laws passed against hunters, but by

SUCCESSFUL REVOLT OF COLONIES WAS PREDICTED IN 1754

KEENE, N. H.—Quietly phrased weather warnings, interlarded with old-fashioned words of wisdom, including a prediction of a successful revolt in America, while the Colonists were still praying for the health of the English ruler, are contained in a collection of almanacs owned by M. E. Spirit of a Free People and are en-

flamed with patriotism. Their population will equal that of Britain and Ireland in less than a century and they will be a match for the mother country if they choose to be independent. A people with the new blessings of liberty will not incline to a kingly form of government."

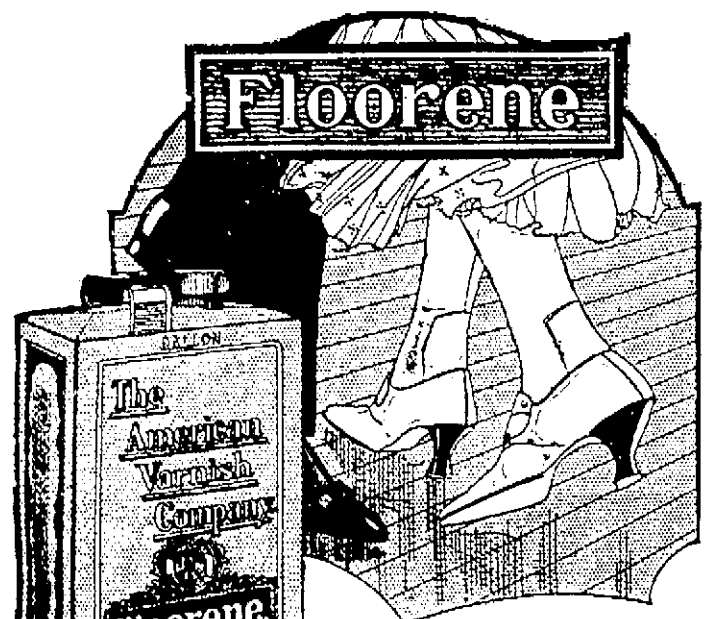

Young men were urged to go west into the wilds of Ohio and purchase land at 20 cents an acre in Spanish money, by an almanac editor who wore knee breeches and ruffled shirt. In his mortuary statistics, based on

reports received in 1797, he asserted that half of the persons in the United States died before reaching the age of 17 years, smallpox, for instance, being more fatal to girls than boys at that period. However, one in every 3,125 of the population attained or passed the century mark in life.

The Japs Make Use of the Suez Canal The Japanese tonnage passing through the Suez canal at present is five times greater than it was ten years ago. At that time the per-

nage was 1.7 and last year it was nine per cent of the total and is entitled to second place among the nations which make use of this canal.

Floorene
Do your floors invite dancing feet?

Have the floors in your house that smooth, inviting finish which says, "push back the rug—let's dance", when someone puts a record on the phonograph? Do your floors help make your home as attractive as it should be?

FLOORENE will put coziness and sociability in your rooms. It makes homes more homey. It rejuvenates old floors and adds warmth and vigor to new ones, prolonging their life and enriching their appearance.

FLOORENE is an all-round varnish. It can be used on your table tops, your chairs, the doors, and, in fact, all the woodwork in your house. It puts a fresh glow on any painted surface.

FLOORENE makes for clean, sanitary floors. Put Floorene on your list of home improvements this spring.

KENTUCKY GOVERNOR DESIRES PEOPLE TO SAVE OLD MANSION

Asks "Fond Expatriates" to Preserve Place Where "My Old Kentucky Home" Was Written

FRANKFORT, Ky.—Governor Edwin P. Morrow has issued a proclamation calling upon "fond expatriates from the Kentucky soil that gave them birth" to contribute to a fund for the purchase and preservation of Federal Hill, the antebellum Kentucky mansion where Stephen C. Foster wrote "My Old Kentucky Home, Goodnight."

Federal Hill lies about a mile from Baginstown, which is thirty-nine miles south of Louisville.

The governor's proclamation was said to be unique among states documents, both because of its subject, now almost a national anthem and its extra-territorial character.

It recites in part: To every expatriate from Kentucky in all the world:

"At Federal Hill, a homestead and estate, near Baginstown, Kentucky, Stephen C. Foster wrote and composed that most loved and famous of all American songs, 'My Old Kentucky Home, Goodnight.' The homestead and surroundings still remain essentially as they were in that summer time of 1852, when 'The Countess' were ripe and the meadows were in bloom, and as they were in 1795 when the mansion was built.

"The place is under option to be purchased by popular subscription in Kentucky, to be converted into a historic shrine to perpetuate the glory of the song, the memory of the great American composer and the universal desire to honor his consecrated associations. It is to be maintained and protected, when acquired, under the authority and control of the state.

"Now, therefore, I, Edwin P. Mor-

row, governor of the commonwealth, do make and send this proclamation, with greetings, to all fond expatriates from the Kentucky soil that gave them birth; to the children of such as have passed on and left behind the heritage of pride in their origin; and to those who have listened to that song of home under the shadow of other hills, the sunlight of other plains or beneath the quiet stars of alien skies, and who have felt the thrill of its deathless beauty and pathos.

"You also are privileged and invited to join with the sons and daughters of Kentucky in a contribution to this fund, which shall be used alone to preserve the home of the song that is your song and our song.

"Given under my hand as governor of the commonwealth, this 2nd day of April, 1924."

A Wave of Occultism

An unprecedented wave of occultism is sweeping over Germany, Berlin and other large cities are filled with card readers, astrologers, clairvoyants and mediums. There are hundreds of societies organized for the study of spiritualism, theosophy, occultism and astrology and not a few of them have long lists of members. Large sums are asked for investigation work by these organizations and in many cases the money is quickly forthcoming.

WORLD'S PRESS CONGRESS WILL MEET IN HONOLULU

First Printing West of Missouri Done 100 Years Ago on Island

HONOLULU, T. H.—The Press Congress of the World, which will open in Honolulu in October of this year, will hold its sessions a stone's throw from the spot where the first printing was done west of the Mississippi river, almost one hundred years ago. The old coral building where the Ramapo press, brought from Boston by Elisha Loomis, turned out its first work on January 1, 1822, still stands on King street, Honolulu's main thoroughfare. It is but a few steps from the loloai place of worship, days, now the capitol, where the press congress will convene.

Entries in the diary of Elisha Loomis, which is preserved here, show that he and his precious printing apparatus left Boston on the brig Thaddeus which carried the first Christian missionaries to Hawaii, and landed in the islands April 9, 1820.

Loomis, who was born in Middlesex, Yates county, New York, in December 1799, says in his diary that he started setting up his press in Honolulu in December of 1821, and on January 1, 1822 this entry appears:

"This day commenced the first printing that was ever done at these islands. Governor Cox was present and printed the first sheet."

The governor referred to was the Hawaiian governor of the island of Oahu on which Honolulu is situated. He had been a warrior chief in the armies of King Kamehameha the Great, who united all the islands under one crown.

Loomis' press was used principally for printing educational matter for instruction of the Hawaiians by the missionaries, but an entry in his diary in March 1822, shows that at that early date the king had realized its

value and had sent him two royal decrees to be printed for promulgation.

The first newspapers turned out in Hawaii were printed in the Hawaiian tongue adapted to English letters, one of Lahaloalua, Island of Maui, called "Ku Luma Hawaii," or the Light of Hawaii, and the other at Honolulu called "Kumu Hawaii," or the Foundation of Hawaii.

Both of these papers appeared in 1821. From that day the press of the islands has grown until it embraces papers in Hawaiian, English, Portuguese, Chinese, Japanese, Korean and Filipino.

The press that made history and

laid the foundation of educational work in Hawaii is in the Oregon historical museum at Portland.

"AIN'T WE GOT FUN" PARTY HUGE SUCCESS

Many Plays and Jazz Feature of Party

"Every morning, every evening, ain't we got fun."

Freshmen, sophomores, juniors, seniors, ain't we got fun."

These words sung many times by the girls at the big-aqueduct party last Friday evening struck the keynote of the first all-high-school girls' party.

When the girls had assembled in the gymnasium, Miss Heblman and one of the freshmen girls led a big-square-dance around the room. The dancing which followed the grand march was interrupted by the first sensation of the party when Miss Mashek, attired in a cut-away coat, bright yellow skirt and all silk hat, made her way to the balcony and began to officiate as announcer of games and stunts.

The relay race, toe and nose race, clambout cutting contest, hurdle race and three-legged race furnished great sport to the spectators. If not always to the participants, Miss Esch and Miss Olson distinguished and almost exhausted themselves in the three-legged race when they took a very graceful tumble. The prizes which were opened before everyone brought tears of laughter, especially when Gladys Lewis proudly displayed an all-day sucker as her award.

One of the features of the evening was the tick orchestra which, with its unique collection of instruments and unusually fine technique of the players, delighted the audience. The girls, led by the strains of "Howe you got to keep them down on the farm," followed the ticks to the luncheon. Here, despite the crowded quarters, everyone ate a very hearty meal, singing and cheering in between bites.

At seven o'clock the girls were seated in the auditorium for the program of stunts, plays and songs which lasted until the party broke up.

up about eight-thirty. Before the program started and between the numbers, the girls sang and cheered. Blanche Bentley, one of the members of the tick orchestra, created considerable amusement with her violin solo, as her miniature instrument proved a little troublesome.

"The Workhouse Ward," a play written by Lady Gregory and intended to show the true Irish temperament, was very cleverly staged by Margaret Word, Barbara Webber, and Bernice Kenney. Gertrude Salzer, as little Eva with beautiful flaxen hair, played the leading role in "Uncle Tom's Cabin" which was realistically played by such stars as Mary Pickford (without her curls), Marguerite Clark, Gloria Swanson, and Charlie Chaplin. The humorous introduction, given by Miss Olson as the actors made their appearance, did much to relieve the intense pathos of this touching tragedy.

This melodrama was full of dramatic incidents, such as the one when the young lover, represented by Agnes Strand, "pressed" the heroine's hand with an old-fashioned flatiron. The burlesque, "What Happened to Jones" was put on by members of the Puka Gama. A violin solo by Ruth Nustad and a dance "The Summer Breezes" by Virginia Muldowney were both greatly enjoyed. Elanore Crew, one of the comically dressed negro minstrels, was loudly applauded for her rendition of "Machinar."

The Jazz Be Orchestra made a green hit with the girls not only because of the wonderful music which they furnished, but because of the very attractive costumes which they wore. Under the able direction of Conductor Esch, Misses Olson, Jamieson, Cook, Stewart, Helsing, and Phumier made the hall ring with the melodious strains of "Mammy," "Margie," and other of the fine old classics.

The auditorium became the haunt of dreadful spooks when the jabberwocky appeared on the stage. The dancing dolls were realistically stiff in the dance in which they sang, sang and sang and had to be wound up before they could continue. "The Fair-

terly Dance," composed and danced by Jane Olson and Mildred Olson, deserved the enthusiastic encore which was given it.

That the party was a success from start to finish could not be doubted from the many enthusiastic comments of the girls throughout the afternoon and evening. "Ain't we got fun" seemed to be the slogan of the whole group, as it was heard constantly during the party. The last good-night song sent home hundreds of happy girls who had found that in this party they yet tender there are friendships to remember.

DR. V. PARKER TALKS OF LIFE IN ASSEMBLY

Says Ages of 12 to 20 Happiest Period of Life

Dr. Valeria Parker of the state board of health, gave a very interesting and instructive talk to the students in assembly Thursday, April 15. The subject of her talk was "Life." Dr. Parker defined life by calling attention to the three powers which everything that has life possesses: First, to grow and develop; second, to obtain and digest food; and third, to continue life and power. She then traced the continuation of life in the flowers, fish, birds and animals. Dr. Parker emphasized the fact that the mother love of the animals, birds and fish lasts only during the early childhood of the young, while in the human, fish, birds and animals, Dr. Parker said: "We are not to be guided by instinct or emotion as in the animals, but by self control and understanding."

"Between the ages of 12 and 20 is the happiest period in life, because it marks the awakening of new powers. But it is also the storm period when important decisions are often made," continued Dr. Parker. "The three things young people need during this period are: first, a clean, wholesome knowledge of the laws of life and conduct; second, activity, both in work and play; and third, ideals regarding home building. This should include religious ideals and also the ability to face difficulties."

HIGH STUDENTS ACT IN MINSTREL SHOW

That the students of the L. C. H. S. are not lacking in talent was shown when about fifty boys and girls became actors for two days last week when they took part in the American Legion minstrel show "Extravaganza" given at the La Crosse Theater April 6 and 7. Many of the finer acts were attracted by John Lord and Eugene Morgan, who appeared in dress suits. Mr. Locke, the director of the minstrels, said that the success of the show was partly due to the clever work of these future actors, and that a dinner dance will probably be given for them at the Country Club.

GIRLS' HIKING CLUB HIKES EVERY WEEK

"Pop and win that's why we're in," say the girls of the hiking club which meets for a hike every Tuesday afternoon. The average hike is about four miles and the girls are generally provided with refreshments to be enjoyed at the end of the trail.

At the meeting last Tuesday the girls, about twenty in number, were divided into two groups, and Agnes Strand was chosen chairman of the

one squad, while Pauline Roberge was elected chairman of the other one. Only a few girls of last year's club have won their gold J's, but several more girls are working to pass the test which requires the identification of twenty-five birds, trees and ten flowers. Any girl is welcome to join, and it is believed that the membership will increase as the days become warmer.

Health and pep is what girls want. These can be attained through exercise in the fresh air, and contact with nature. In pursuit of these essential qualities of an all-around American girl, the hikers also gain spiritual and mental grace through close contact with the out of doors.

NEW SPRING GAMES STARTED BY MEAD

A new field of activity has been introduced into the sports program of our school. Besides football, basketball and track, Mr. Mead and company have instituted a new line of sports under the title of Outdoor Sports.

Hereafter, at noon and in free time the pupils of this school can rest their tired brains and cramped muscles from the toils of school work and enjoy a little outside recreation besides pitching horse-shoes.

The program of sports includes indoor basketball, soccer, the use of high jumping standards, and other track paraphernalia as not confined to the boys alone, but girls are heartily urged to join in and have a good time.

These games will be under the direction of Coach Mead and Ralph Martison, who was appointed outdoor sports manager by the Athletic Council. For his work, Ralph Martison will be awarded an "L. C." These sports have aroused a great opera.

In the absence of Miss Trane, Miss Briggs took her place in coaching the

America Stands By Her Allies

If Germany dreamed of winning a "soft" peace by playing the United States against Great Britain and France; if she hoped to dodge reparation and responsibility by aid and comfort from the Harding Administration; if she believed that the United States had already forgotten the cause to which it so lately dedicated its sons and its treasure; then, says the American newspaper press, the knell of this dream, this hope, and this belief was sounded when Secretary Hughes informed Berlin that: "This Government stands with the Governments of the Allies in holding Germany responsible for the war, and therefore morally bound to make reparation, so far as may be possible." These unequivocal words, remarks the Boston Transcript (Rep.), notify the world that we are keeping faith with the Allies, and make clear to Germany that she may expect no aid and comfort from us "in her endeavors to escape the penalties of defeat."

THE LITERARY DIGEST, in the issue for April 16th, devotes several pages to a resume of editorial opinion in the United States, France, England, and Germany, upon Secretary of State Hughes's note outlining the attitude of the United States Government toward Germany.

Other striking news-articles in this number of THE DIGEST are:

MANY CITIZENS PLEDGE SUPPORT TO LA CROSSE BASEBALL TEAM

PEPPY BUNCH AT MEETING ON THURSDAY

Definite Lines of Organization of La Crosse Baseball Team Outlined at Meeting at Eagles' Hall

"LA CROSSE BASEBALL TEAM" ON TIP OF EVERY TONGUE

Large Turnout Expected Sunday When "Recruits" Make Appearance on the Diamond

As a result of the plans outlined by the enthusiastic gathering of baseball material and fans at the Eagles' hall Thursday night, the proposition of organizing a La Crosse baseball team is no longer groping about on the sands of uncertainty, having emerged from such place with the definite formulation of the lines of organization at the meeting held last night.

Twenty-five Men Out

Twenty-five players who have seen actual service in the field for a number of seasons in the past gathered in the little reception room of the Eagles' hall Thursday night with the words "La Crosse Baseball Team" on the tip of every tongue and with a determination to see the proposition through to the finish. That La Crosse was to have a baseball team in spite of every odd was the solemn pledge of every man. Although the meeting started out with a bit of a drag, the finish was 100 percent pep and enthusiasm with a bit of a home run for the La Crosse baseball team at every puff of the cigar. And that's the kind of pep that's necessary to put the thing over.

Must Co-operate

It must be understood from the beginning that the new baseball club in La Crosse is not being organized with the idea of bucking other similar organizations in the city, but rather is in the field to offer hearty cooperation and assistance to such organizations, requesting in return similar cooperation and assistance. La Crosse can support several ball teams if the proper interest is manifested on the part of the public and more es-

WESTERN UNIVERSITIES AND COLLEGES DRAW GOOD PLACES FOR RELAY EVENT

PHILADELPHIA, Pa.—Western universities and colleges drew good positions in the drawings for the relay races of the University of Pennsylvania April 29 and 30, announced today.

In the one mile college relay championship of America, Minnesota drew the pole, with Notre Dame second, Chicago four, Wisconsin 17 and Illinois 18. In the two-mile college relay championship of America, Butler college drew the pole; Iowa State second; Wisconsin third and Illinois fourth.

In the four-mile college relay championship of America, the university of Havana drew first, with Iowa State fourth, Illinois tenth, Wisconsin eleventh, Minnesota, thirteenth and Purdue fourteenth.

In the sprint medley college relay championship of America, Lafayette drew first, with Chicago fourteenth, and Minnesota sixteenth.

In the distance medley college relay championship of America, Wisconsin university drew the pole with Iowa third and Illinois fifth.

LA CROSSE Y. W. C. A. BASKETBALLERS IN TRIM FOR WINONANS

Representatives of Up-River Association Here for Return Games Friday Night

The two La Crosse Y. W. C. A. basketball teams held their final practice at the Y. M. C. A. gymnasium Thursday night in preparation for the return contests to be played with the Winona association in this city tonight.

Following are the line-ups of the teams:

La Crosse—Jumping center, Edna Womeldorf; running center, Alice Torgerson (capt.); forwards, Alma Ellaway, Gladys Rendell, Cora Bangsberg; guards, Hilma Simevov, Marcella Matrich, Sub. Marion McLennan.

Winona—Forwards, Edith Barton (capt.), Lucille Seiditz; centers, Gertrude Scholze, Elva Dotschewer; guards, Marjorie Sawyer, Amelia Stevens, Sub. Margaret Kennedy, Mildred Scheniger.

La Crosse—Forwards, Marguerite Gaetenbein, Helen Lavenstein; centers, Charlotte Curran, Emily Guentner (capt.); guards, Ruth Parker, Maude Halmann, Sub. Muriel Schenberger, Dorothy Kriesse, Agnes Strand, Ruth Keller.

Members of the Charlotte, N. C. club of the South Atlantic league, believe they established a record in a game yesterday with Winston-Salem of the Piedmont league when they scored four runs on four pitched balls. After three batters had hit safely on the first three balls thrown Shortstop O'Connell, the fourth batter, smashed the first ball served to him for a home run.

Stone Brings Down a Dove In Drive Shot

ROANOKE, Va.—Robert F. Stone, University of Virginia student, became a champion for the 1921 freak golf shot yesterday when he made a literal "birdie" with a drive shot and brought down a dove flying high in the air. The ball broke the bird's wing, but was hardly slowed by the impact and Stone made it par on the hole.

LOCAL ANGLERS LEAVE FOR PARTS IN MINNESOTA

With the opening of the trout fishing season in the state of Minnesota today, many anglers who have been waiting the arrival of the day, were seen departing for yonder stream equipped with rod and reel in the early morning hours on Friday. So certain was one angler of a big catch that he came to the office and took orders for trout. It is hoped that they will all be filled.

DETROIT WINS IN OPENER WITH SOX

Detroit's Attack in Seventh Inning Drives Kerr from the Mound; Morris Goes in

PHILADELPHIA AND NEW YORK DIVIDE FIRST TWO

Indians Defeat Browns in Second Game 12 to 9

DETROIT, Mich.—Detroit inaugurated the American league baseball season here Thursday by defeating Chicago, 6 to 5. A seventh inning rally, productive of four runs, tied the score and Hellman's two base hit in the ninth with the bases filled drove the winning runs in. The field was heavy and a drizzling rain fell during nearly all of the game. Detroit's attack in the seventh drove Kerr from the box and Morris, who substituted, lost control in the ninth, due to the rain. Score: Detroit, 6; Chicago, 5. Detroit's lineup: Outfield, Sutherland and Ainsworth; Philadelphia, 4; New York, 3. NEW YORK—Philadelphia Americans turned the tables on New York Thursday, defeating the Yankees in a close hard fought game, 4 to 3, after Hawks, young pinch pitcher put New York ahead in the seventh. Philadelphia rallied in the ninth and scored two runs on the veteran Quinn on a triple by Perkins, a sacrifice and singles by Welch and Dykes. Score: Philadelphia, 4; New York, 3. BATTERIES: Detroit, Kerr, Morris and Schalk; Leonard, Sutherland and Ainsworth; Philadelphia, 4; New York, 3. NEW YORK—Philadelphia Americans turned the tables on New York Thursday, defeating the Yankees in a close hard fought game, 4 to 3, after Hawks, young pinch pitcher put New York ahead in the seventh. Philadelphia rallied in the ninth and scored two runs on the veteran Quinn on a triple by Perkins, a sacrifice and singles by Welch and Dykes. Score: Philadelphia, 4; New York, 3. BATTERIES: Detroit, Kerr, Morris and Schalk; Leonard, Sutherland and Ainsworth; Philadelphia, 4; New York, 3.

DODGERS LOSE TO BRAVES 11 TO 4

Ruether and Mitchell of Brooklyn Pounded; Koney Gathers Two Bagger

NICHOLSON IN FIRST GAME FOR BOSTON BATS PERFECTLY

New York's Heavy Hitting Defeats Philadelphia 10 to 2

BOSTON, Mass.—Boston pummeled Ruether and Mitchell of Brooklyn on Thursday, while McQuillan pitched well after the first and the home team won, 11 to 4. Boston made 16 hits for a total of 26 bases. Nicholson, playing his first game for the Braves, had a perfect day at bat, making two singles, a double and triple in four times at bat. Score: Boston, 11; Brooklyn, 4. BATTERIES: Ruether, Millus, Mitchell and Miller; McQuillan and O'Neil; Philadelphia, 4; New York, 3. NEW YORK—Philadelphia Americans turned the tables on New York Thursday, defeating the Yankees in a close hard fought game, 4 to 3, after Hawks, young pinch pitcher put New York ahead in the seventh. Philadelphia rallied in the ninth and scored two runs on the veteran Quinn on a triple by Perkins, a sacrifice and singles by Welch and Dykes. Score: Philadelphia, 4; New York, 3. BATTERIES: Detroit, Kerr, Morris and Schalk; Leonard, Sutherland and Ainsworth; Philadelphia, 4; New York, 3.

SPORT SUMMARY

Tex Rickard inspected several New Jersey sites for the Dempsey-Carpenter bout but made no decision.

Jack Dunn, manager of the Baltimore International league team, was found not guilty of violating the blue laws by playing Sunday baseball.

Elmer (Strangler) Lewis, champion heavyweight wrestler, is to meet Bob Mangoff of Chicago at Detroit tonight.

Boxing in New York, under state control since the act of August, 1920, has proven a success both financially and in a sporting sense, the state boxing commission declared in a joint report with the state license committee, just made public.

HIGH SCHOOL TRACK MEN IN TRAINING FOR COMING MEETS

Three Triangular Track Meets Scheduled for Participation of Local Track Men

BARNYARD GOLF TOURNEY MAY BE STAGED THIS SPRING

Fred Hankerson Conceded to Easy Winner in Tennis

With the local field and running track in the best possible shape, the track men at the high school are practicing daily for the class meet and scheduled tournaments with Winona high and normal schools. There are no individual stars of last year's team left, but Coach Meade and Captain Mozzahn are rounding up all available material for the track squad and the prospects are fairly good.

There will be three triangular track meets to attract the attention of the locals. The first, May 7, will be staged at Winona, between Winona normal, Winona high and La Crosse high. Two weeks later, these teams will meet on the local field, to be pulled off on the local field. Probably a meet between Sparta, Tomah and La Crosse will also go through.

Horseshoe tossing is also taking up time of high school students. Morning, noon and after school, boys can be seen tossing the irons on the site of the old tennis court.

There will probably be a barnyard golf tourney at the school, according to the reports of latest exponents of the great old pasture-pastime.

A tennis tournament might also blossom out to be a reality. Fred Hankerson, who entered in the finals last year with Franklin Pamperin, who won the state championship last year, probably will show up an easy winner, but there are others in school, who, if they would enter the contests, might give him a hard rub.

Contempt

"State why you believe the prisoner is insane," directed the learned judge.

"He always bets heavily on two pair in a poker game."

"Is a man insane when he bets on two, pair?"

"In my opinion he is."

The judge's face grew purple. "Ten dollars," he roared, "for contempt of court!"—American Legion Weekly.

GIRLS' DEPARTMENT TO GIVE COFFEE AT THE Y. W. SATURDAY

WOMEN SHOPPERS and others finding themselves in the downtown district Saturday afternoon are invited to drop in at the Y. W. C. A. rooms for a cup of coffee any time between the hours of three and five. The coffee is given by the Girls' Work committee of the association, and the proceeds will be used to help pay the expense of bringing the Wisconsin Girl Reserve basketball team to La Crosse for a game tonight. There will be special music during the afternoon. Hostesses at the coffee include the following: Mesdames Lilla L. Plach, Alfred J. Capellan, Ray Brink, Myron S. Locke, John Henry Gatterdam, Thad H. Brimley, John P. Salzer, Louis H. Martin, L. H. Weisse, Thomas M. Reynolds, A. R. Nelson and Harry Marshall and Miss Josephine Hultgren. Assisting will be a group of Girl Reserves, including the following: Evelyn Jones, Cynthia Herbert, Muriel Schaeffer, Dorothy Kriese, Fern Weisse, Marguerite Gatterdam, Mary Duffy, Olga Mahlum, Adeline Hahn, Clara Wagner, Marie Bjornstad and Helen Strauss.

MRS. GEORGE R. ROY was a delightful hostess at coffee at her home, 1301 State street, on Thursday afternoon and again on Friday. Twenty guests were entertained each day.

MR. O. J. LUND, 1721 Mississippi street, announces the marriage of his daughter, Hilda, to Mr. Herman A. Deiphenich, April 11, at Minneapolis. Rev. H. J. Havel of the Norwegian Lutheran church performed the ceremony.

MRS. OTTO E. KREUZ and children of 1441 Wood street, have gone to Onalaska, where they will be entertained at the home of Mr. Kreuz, father-in-law of Mrs. Kreuz, until the last of the month when they will go to Minneapolis to reside.

THE REGULAR monthly meeting of the Degree of Honor will be held Friday night at 8 o'clock at K. L. hall.

MRS. FRANK LANSING, 1515 Pine street, has returned home after spending six months at Washington, D. C. and Blue Earth, Minn.

THE LADIES' Aid society of the Evangelical Free church, Fifteenth and Winnebago streets, meets Friday evening at eight o'clock at the church parlors. A good program has been prepared and refreshments will be served. The hostesses will be Mrs. Tesley and Miss Narsen.

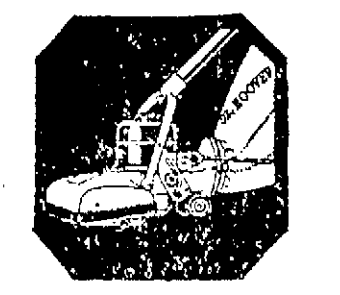

MRS. E. R. TAUSCHER and children of Milwaukee, are expected to arrive Friday night at the home of Mrs. Tauscher's parents, Mr. and Mrs. Charles Gahler, for a visit.

MRS. L. J. LAURIE of Minneapolis is visiting at the home of her mother, Mrs. M. Stave.

MR. AND MRS. GEORGE SHOES, 305 Adams street, announce the marriage of their son, Mr. Walter L. Shoes, to Miss Rose Butler of Minneapolis, which took place Tuesday, April 12, at Minneapolis.

ON TUESDAY evening a shower was given at the home of Miss Ida Schick, who is soon to be a bride. Games and music afforded entertainment and refreshments were served.

COMING EVENTS

(These dates are taken.) Before departing from La Crosse, the following events will be held:

April 15—Elks' Band Concert, La Crosse Theatre.
April 16—Y. W. C. A. 3 to 5 o'clock. Coffee given by Girls' work committee. Public invited.
April 18—Chamber of Commerce Luncheon—Dinner at 6 p.m.
April 20—Piano Recital by Rudolph Gatterdam, assisted by Helen Gatterdam, 1 o'clock—Chamber of Commerce—D. A. R. bridge-luncheon.
Every Saturday—7:30—Citizens' meeting at La Crosse to study proposed state constitution—Under direction of La Crosse County Committee.
April 21—Vocational School Children's Bazaar.
April 22—First Presbyterian church—Women's Missionary Social Union—Dinner at 6 p.m. and Dr. Anna Goss of Free Press, Chicago, will be the speaker at three o'clock.
April 23—Kavanaugh Temple, No. 157, D. O. R. K. ceremonial at 7 p.m.
April 25—Kavanaugh Temple, No. 157, D. O. R. K. ceremonial at 7 p.m.
May 1—First Presbyterian church—La Crosse District Federation of Women's club meeting.

The bride-elect was presented with a handsome table cloth and napkins. Those present were Mesdames Bohlen, Benz, Schick, Kortholt, Paulson, Wrobel, and the Misses Ethel and Leona Lantz, Laura and Mattie Voss, Frieda Schneider, Anna Gatterdam, Gustie Liesenfeld, Clara Miller, Marie Zeller, Clara Steinke, Irma Schick, Ruth Kreuz and Marie Legman.

THE MEN'S BROTHERHOOD of the First Methodist church will meet at the church parlors Tuesday evening for dinner.

AT THREE-THIRTY o'clock Tuesday afternoon at the German Lutheran parsonage, Miss Grace Temp, 924 Tyler street, and Mr. Almer Laumann of this city were united in marriage by the Rev. J. T. Gamm.

The bride was handsomely attired in a gown of white georgette crepe trimmed with white satin, veiled in georgette with satin trimmings. She wore a long bridal veil and carried a shower of Ophelia roses. Miss Selma Stueve was the maid of honor. She was gowned in white chiffon trimmed in self-color satin, with a corsage of roses and sweet peas. Mr. Arthur Bender, brother of the bride, was the best man.

Following the ceremony the bridal party returned to the home of the bride, where a reception was held. Places were laid for fifty at the bridal supper. The table was prettily decorated with roses, sweet peas and similar and was centered by the bride's cake decked with waxed apples. The rooms were made attractive with a color scheme of blue and white.

The bride received many handsome gifts. Out of town guests who attended included Mr. and Mrs. E. McLean of Milwaukee, and the Stueve family of Dakota, Minn. Mr. and Mrs. Laumann will be at home for the present at 924 Tyler street.

MR. AND MRS. AUGUST Thiele were pleasantly surprised by the Mormon Council Gen. club last Sunday morning. Dinner and supper were served by the members of the club.

WISCONSIN SECOND IN CONSTRUCTION OF CONCRETE HIGHWAYS

Contracts Let for 159 Miles of Paving; 5,000 Men Employed on Roads in the State

MADISON, Wis.—With 159 miles of concrete road contracting already under way for this year, Wisconsin is in second place in pushing construction on paved roads, surpassed only by New York State, which has contracted for 168 miles, with California a third in place. No other state has contracted for 100 miles. Michigan is in sixth place, while Iowa and Illinois are far back in the race. State Highway Engineer A. R. Hirst reports that as the result of the pushing of the construction program, or not only concrete, but gravel and earth roads, approximately 5,000 men are now engaged in highway construction, relieving the unemployment situation.

In addition to the 159 miles of concrete surface contracted for this year, there is 24 miles of road over work contracted for last year, making a total of 224 miles. Contracts have not yet been let for 67 miles, for which plans have been drawn. This year's concrete paving program will run to 250 miles, a record for any state.

Equally rapid progress is being made on gravel surfacing and earth road work. Approximately 1,000 miles of earth road construction will be done this year and about 1,500 miles of construction will have been finished, far surpassing that of any previous year. The highway department has wisely protected itself on all contracts, so that the state will receive the benefit of any reduction in freight rates or fall in prices of road materials.

BOY BANDITS KILL NEGRO
CHICAGO, Ill.—Two youthful bandits Friday shot and killed George Fields, a colored bartender, who had defended the cash drawer of a "blind" and "run" saloon on South Street, and then wounded a waitman, who tried to stop them. The robbers obtained about \$150.

TOMAH BOYS ARE TOURING COUNTRY WITH GLEE CLUBS

TOMAH, Wis.—Two young men of this city are spending the spring vacation of their respective colleges touring the country as manager and director of Wisconsin and Beloit Glee Clubs. Raymond Allen Smith, instructor at Beloit college, is also director of the Men's Glee club. John Warren, Junior at Wisconsin, is business manager of the University Glee Club.

Financial services for Ray Talbot of Milwaukee, formerly of this city, were held on April 14, under the auspices of the Milwaukee fraternity. He was 38 years old and is survived by his wife, Mrs. Margaret Thayer Talbot, and their daughter, Jane, of Milwaukee. He was the son of Mrs. Emma Talbot of Tomah.

The annual training department of the public schools of Tomah has been moved into its new quarters in the addition to the high school building under process of construction. It is expected that the entire addition will be ready for occupancy at the opening of school next fall. The winter just passed was so mild that work on the addition was uninterrupted during the entire season.

FRANCE TO WITHDRAW SUPPORT IF AUSTRIA JOINS WITH GERMANY

WASHINGTON.—Warning has been given the Austrian government by the French minister to that country, that if the government is unable to render inefficient plans looking to the fusion of Austria and Germany, France will suspend any contemplated assistance to Austria. It is said in a message received here from Vienna, The British and Italian ministers are declared to have associated themselves in this declaration and to have added that the withdrawal of France from any movements for giving aid to Austria would mean a complete abandonment of efforts to assist that country on the part of the allies.

London doubles its population every thirty years; New York every eighteen years.

MILLION A YEAR FOR TEN YEARS NEEDED TO FIGHT CATTLE "T. B."

Work of Testing Cattle Progressing Faster than Funds are Provided

MADISON, Wis.—A million dollars a year for ten years will be needed to carry on the work of eradicating cattle tuberculosis in Wisconsin according to Dr. C. H. Ellison of the livestock sanitary board.

The work of testing cattle has progressed very much faster than the legislature has provided funds. It was stated in pointing to the fact that an emergency appropriation of \$27,000 made early in the session in order that farmers who had had cattle condemned by the state might receive their money, was already exhausted.

The present appropriation for the tuberculosis fund of the department of agriculture is \$225,000. With the extension of the area testing work.

FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine—Double Strength

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

so many cattle have been tested and condemned that even with the help given by the federal government, there is not nearly enough money available.

According to Dr. Ellison, the time has come when the legislature must fix upon a constructive policy in regard to this work of eradicating bovine tuberculosis. He says that merely appropriating a few hundred thousand each year means that the task is an everlasting one, impossible to complete and extravagant in the long run.

On the other hand he pointed out that an expenditure of \$10,000,000 or \$12,000,000 spread over 10 to 12 years, would be comprehensive enough to get results, and would not be so large a task that the sanitary board could not administer the fund economically.

TEN PER CENT TAX ON BIG INCOMES ASKED IN MICHIGAN BILL

LANSING, Mich.—A tax of ten per cent on all incomes above \$40,000 is provided in a state income tax law introduced in the Upper house of Michigan legislature. Exemptions identical with those of the federal income law are provided.

On the first \$1,000 above exemption a tax of one quarter of one percent would be levied with an additional one-quarter of one percent for every additional \$1,000 up to \$10,000. On any additional \$1,000 above \$10,000 up to \$40,000 a tax of one-half of one percent is proposed.

Although yeast contains large quantities of vitamins, beer and ale have none.

UNDER THE CAPITOL DOME

Odds and Ends of State Affairs by William J. Anderson

MADISON, Wis.—Two thousand members of the teachers' retirement fund, who have been waiting for the state board of education to act on the bill, are now waiting for the legislature to act. The bill, which was passed by the legislature last year, provides for the retirement of teachers who have taught for 25 years or more. The bill is now in the hands of the state board of education, which is expected to act on it soon. The bill is a very important one, as it will provide for the retirement of many teachers who have spent their lives in the classroom. The bill is now in the hands of the state board of education, which is expected to act on it soon.

The new marketing bill now before the legislature has given rise to much discussion. Director Neumann of the state division of markets has expressed his opinion in a letter to the legislature. He says that the bill is a very important one, as it will provide for the marketing of many products. The bill is now in the hands of the legislature, which is expected to act on it soon. The bill is a very important one, as it will provide for the marketing of many products.

The industrial commission warns merchants not to be misled by salesmen selling fireworks that all kinds of fireworks may this year be sold in Wisconsin. There has been a change in the regulations which were enforced last year and no bill is pending in the legislature attempting to make such a change. On the contrary, the fireworks order of the industrial commission will be more strictly enforced this year than ever before.

The new teachers' retirement bill now before the legislature, and which at this time bids fair to become a law, includes all schools except city schools in Milwaukee supported by public funds, including Normal schools and university membership consisting of three classes: All present.

stock enumeration shows a total of 124,075 head, 27,810 of which were males and 96,265 females. The figures were compiled by Joseph A. Ewiger, of the Wisconsin co-operative crop reporting bureau of the state department of agriculture. Of Holsteins there were 37,290 males and 30,919 females; of Guernseys, 4,200 males and 8,960 females; of Jerseys, 136 males and 3,332 females; of Brown Swiss, 408 males and 1,093 females; of Ayrshires, 294 males and 695 females; of Shorthorns, 3,408 males and 6,498 females; of Angus, 271 males and 657 females; of Herefords, 394 males and 821 females; of Red Poll, 334 males and 821 females; and breed not specified, 12,272 males and 24,695 females. Wisconsin is fifth in the United States in the total value of all livestock. The total value in Wisconsin, on January 1st was \$267,000,000.

The Wisconsin civil service commission will be represented in the fourteenth annual meeting of the national assembly of civil service commissions to be held at Minneapolis June 20th to 21st next. Allen M. Higgins, service examiner for the Wisconsin commission, and Senator David Jennings, chief examiner of the Milwaukee county commission are on the program.

If for two years says the state board of health all the dogs in the United States were required to be muzzled, hydrophobia would disappear from this country, as it has from England.

Are you interested in knowing that Wisconsin has 7,500 rivers and streams with an aggregate length of 25,000 miles; that it has 3,000 miles of trout streams, almost wholly free

from pollution; 2,500 lakes, and 1,000 smaller ones called ponds. The state has upwards of twenty-six water sheds, each caused by a river of considerable size.

There must be added now to this list of highly important measures which heretofore included the appropriation bills and the educational bill, the new wet-dry bill. There is sure to be a big fight made upon it. The fact that the governor has entered the fight makes it certain that it will be an interesting one. To make predictions at this time as to the outcome may not be safe, but it looks as if the wets would have the best of it, with the governor and the new

prohibition commissioner on that side. The dries say they are well satisfied to make the fight now, and entirely willing to go before the people on the issue next year.

This week the senate committee on corporations and the assembly committee on taxation will hold a joint hearing of the Skogmo bill (No. 225, 83) which proposes to abolish the first class and to create the office of county assessor. This is one of the most important measures concerning taxation that has come before this session.

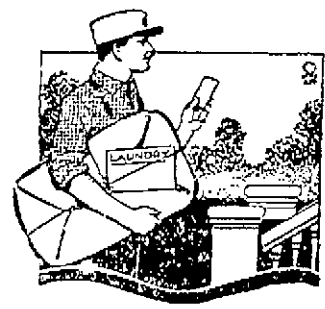

contemplates the creation of a new state board of education which shall direct and control all the educational activities of the state, and which proposes to abolish all existing boards, has not yet been scheduled for a hearing. Senator Skogmo is desirous of having his measure given wise consideration before it comes up for hearing in order that it can be the more intelligently discussed.

Permanent waves in the hair were obtained in 1781 by first boiling the hair and then baking it.
